Troubleshooting

Plug in the power cord securely.

- Slide the transportation clamp to the unlocked position.
- Remove the protective material around the cartridge cover.
- Open the cartridge cover and make sure the ink cartridges were securely inserted until they clicked into place.
- Before loading the paper, remove the paper from the sheet feeder, Fan the stack of paper, then tap it on a flat surface to even the edges.
- Connect the USB cable correctly.
- Make sure that the printer driver and scanner driver have been installed correctly.
